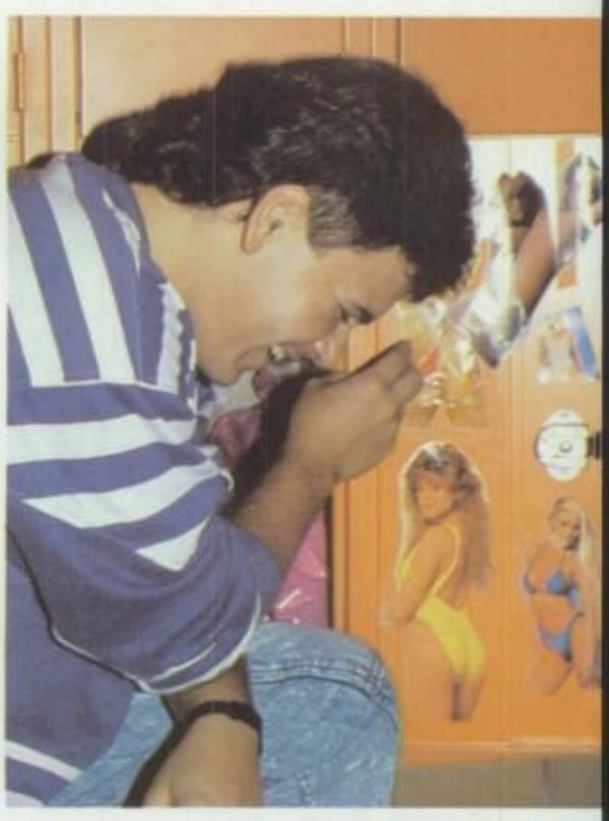
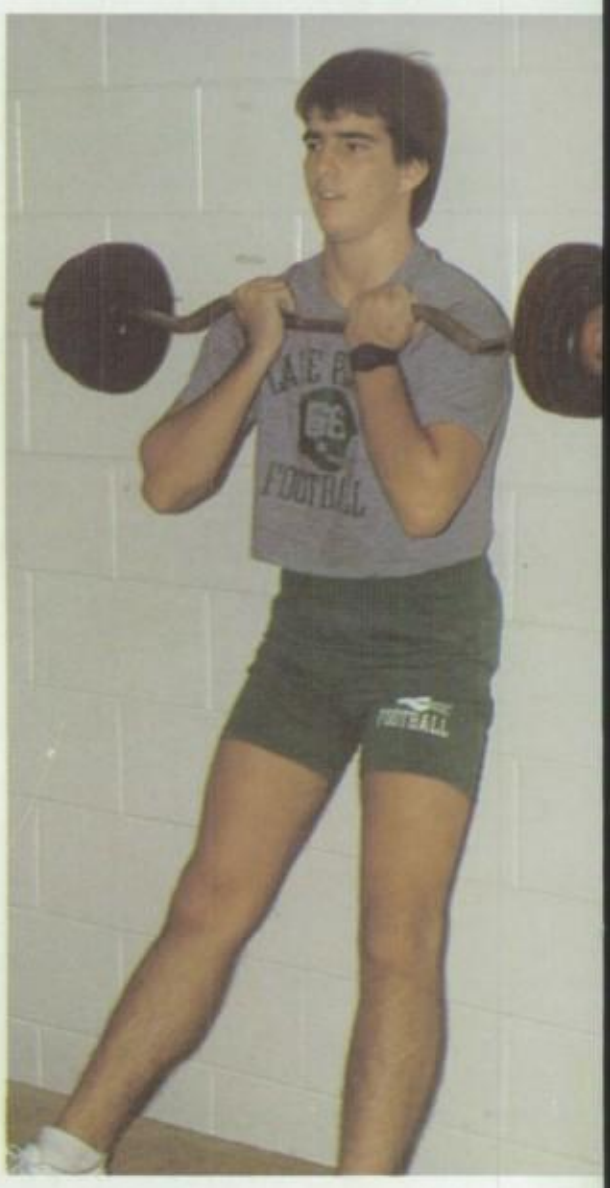
STUDENT LIFE

SENIOR MEMORIES

"The thing I like most about L.P.H.S. is the unity between students."

Pam Worley





"I like the teachers most of all at Lake Placid High; their attitudes and personalities, and I really enjoy going to some of their classes. They really know how to make school fun for me."

Leann Walker

"I like L.P.H.S. more because it is a small school, and there are more opportunities for someone to succeed."

Javier Viera

LIFE AT L.P.H.S.

"Besides the fact that I was very disappointed that the Seniors didn't win the float, I felt this Homecoming turned out very well. Being a part of this year's half-time exercises, made it extra special for me."

Marcy Bullard

"The Homecoming dance was great. It was set up very nice, and was very well organized. My date and I had a very nice time."

Marie McKinney

"I think that it would have been a lot better if we had won the game Friday night, although I realize that they tried their hardest."

Jennifer Ellis

"I was impressed with the enthusiasm and the amount of people who participated in Homecoming. I just hope that everything was as good as thunder night turned out."

Sissy Tumbleston

DRAGON PRIDE

"Our Senior year will be unforgetful, but I'm sorry that it will end."

Linda Stock

"Being a student at L.P.H.S. means having pride for my school. When I go somewhere, I'm proud to say that I'm from L.P.H.S., and to be wearing the school colors."

Darryl Wirick

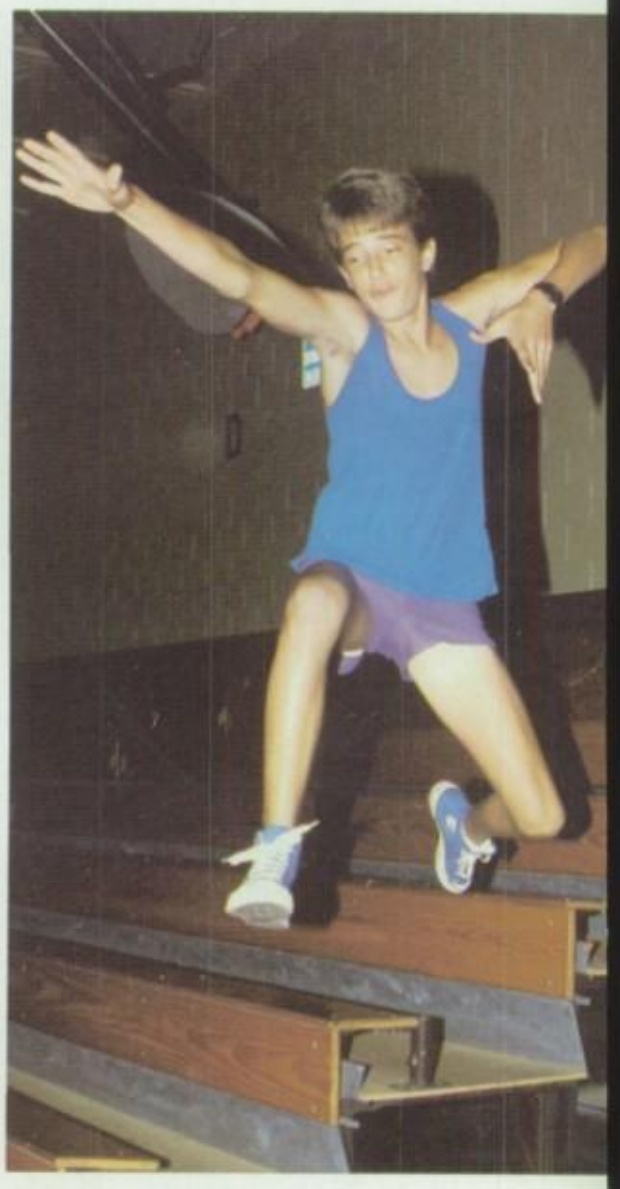
"I have been taught well at L.P.H.S. and if I fail out in the real world, it won't be because I wasn't taught, but because of the lack of interest while being taught."

Valerie Smalls

MOVING ON UP

"I really like Homecoming because everyone shows a lot of spirit that week. I think they should show spirit every day of the week."

Lisa Van Jarsveld



"My most memorable day of the school year was when we celebrated the 200th anniversary of our constitution. I enjoyed watching the TV to see our people and me celebrate the Constitution. I love my nation and the people that are in it. I was proud to especially see a black honor student get up and speak for our nation."

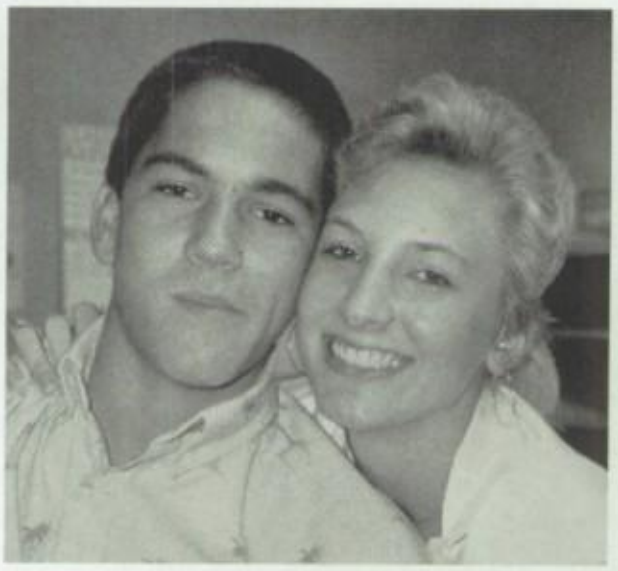
Amargo Crenshaw

"We could have one of the best top rated schools in the nation only if we the student, put our mind to our school work and study very hard."
Kim Daise

SPIRIT - L.P.H.S.

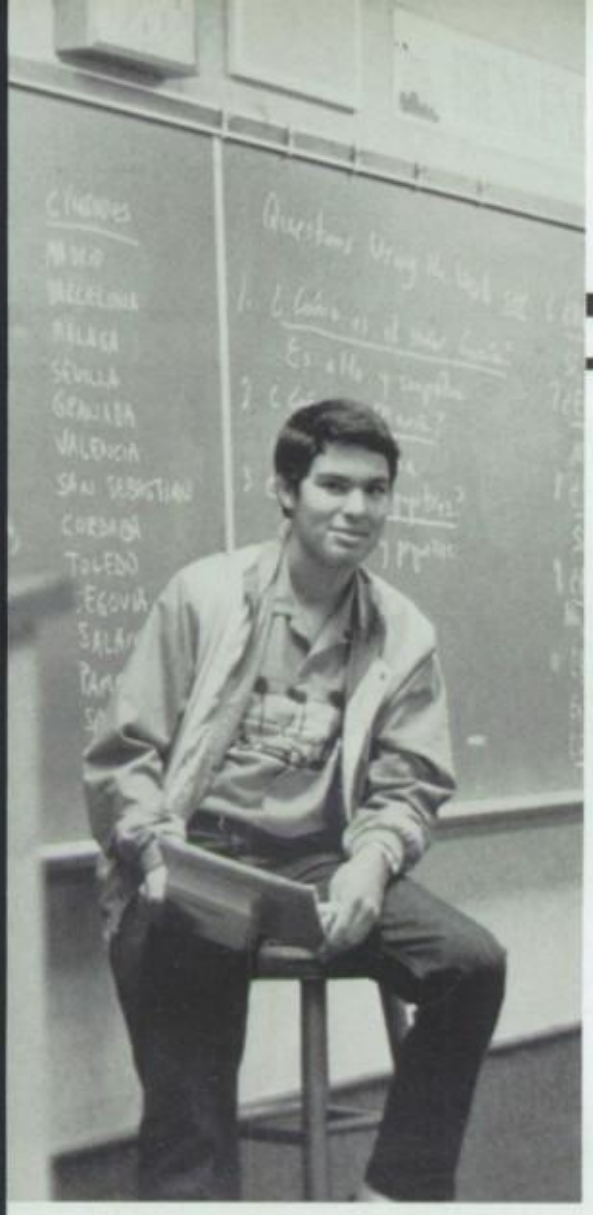
"I believe Homecoming was the best one ever, mainly because the sophomores won the spirit stick. Powder Puff was very close and the cheerleaders for both teams did an outstanding job."

Juan Guatier



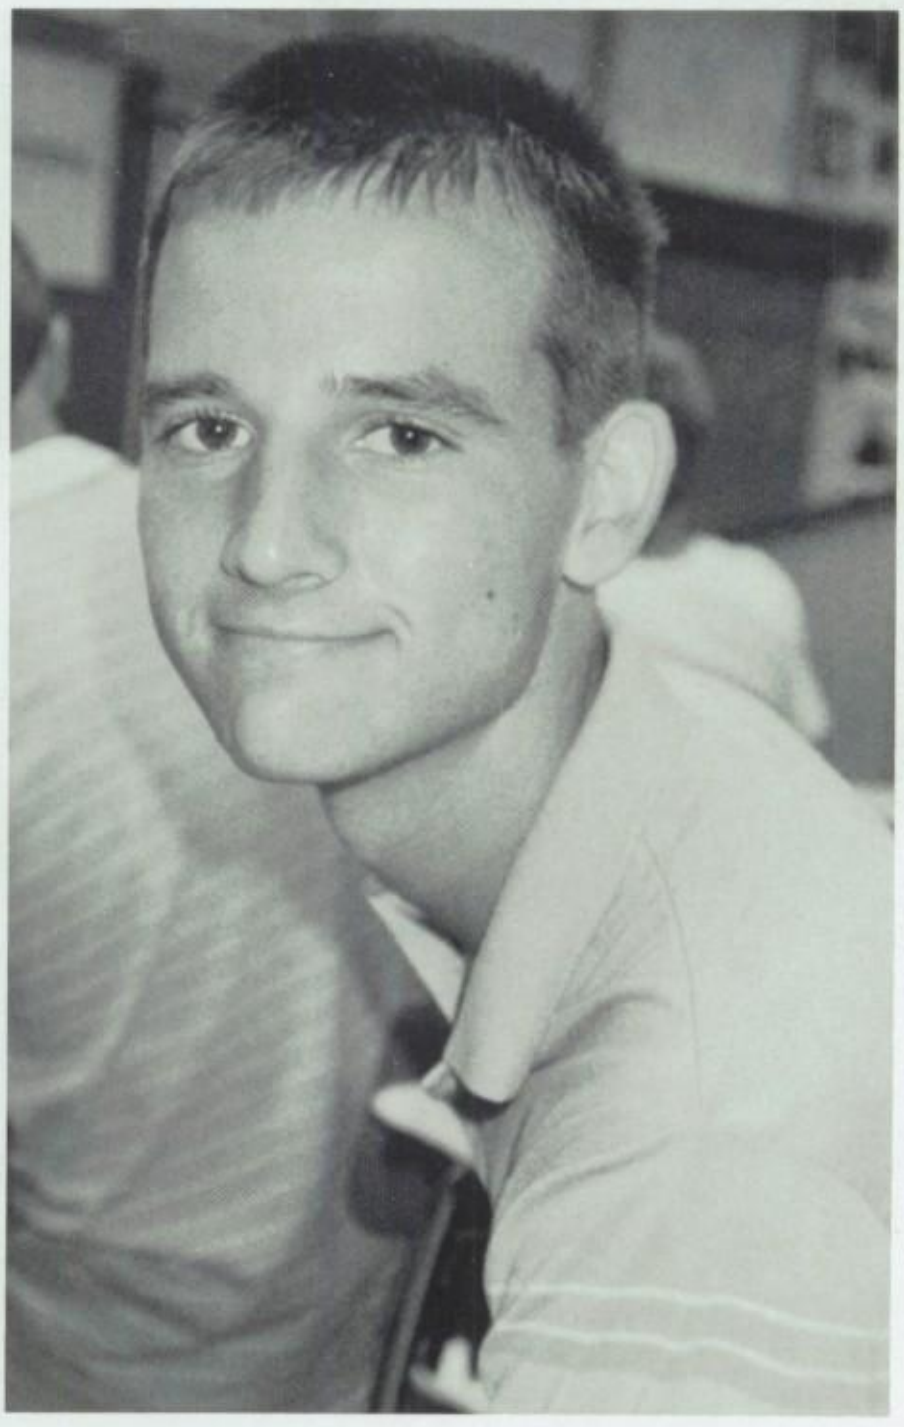
"Homecoming week is always my favorite week, because it is an easy week of school, and we don't have to do much work, but the best thing about Homecoming is the excitement and spirit that the school has during the week."

Christie Beam



"The best part of Homecoming was that the Sophomores won. We had a lot of Spirit *in our school, and with all the classes pitching in and helping out we made a really big accomplishment."*

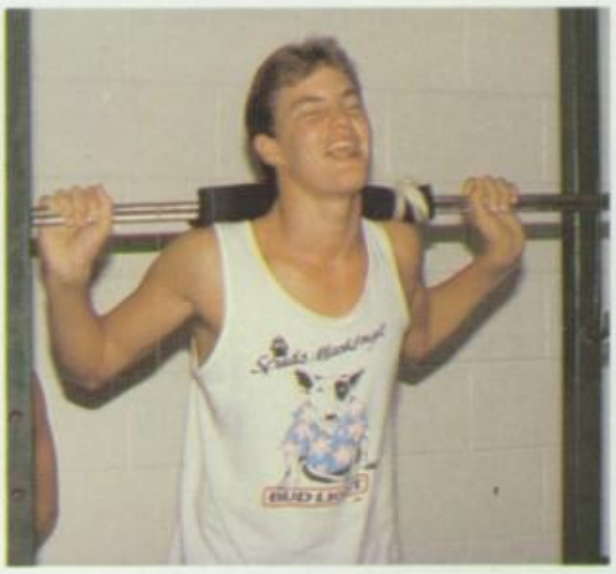
Debbie Cosgrave

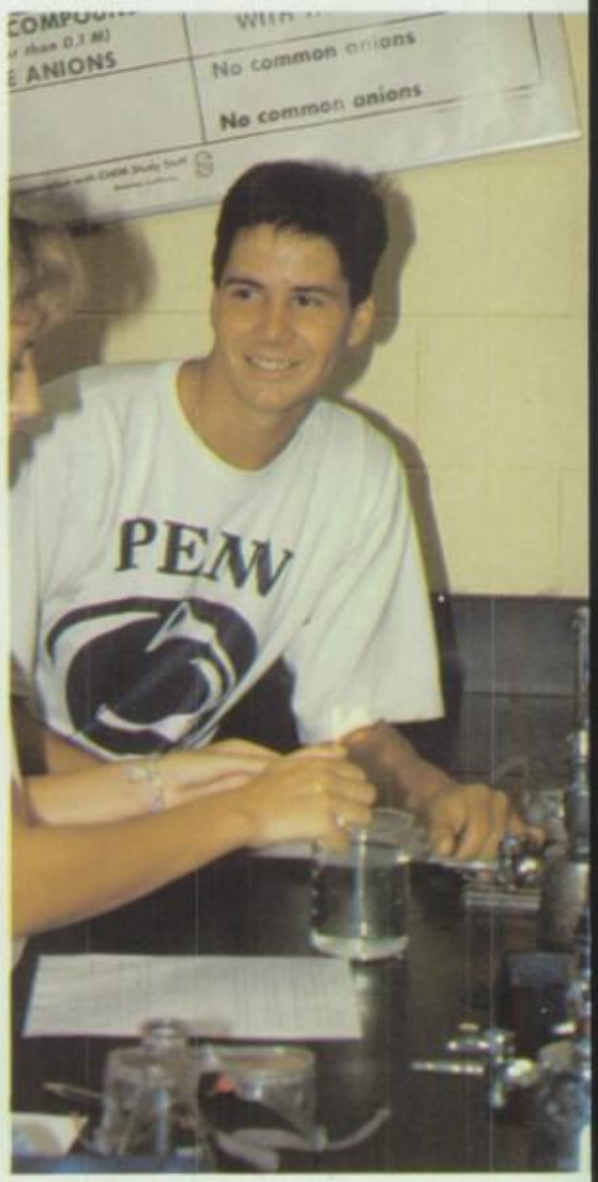


SHARING . . .

"I've only been here this year, but so far, I really enjoy Lake Placid. All in all, I'm glad to be here and I look forward to spending my last three years here."

Chris Marshall



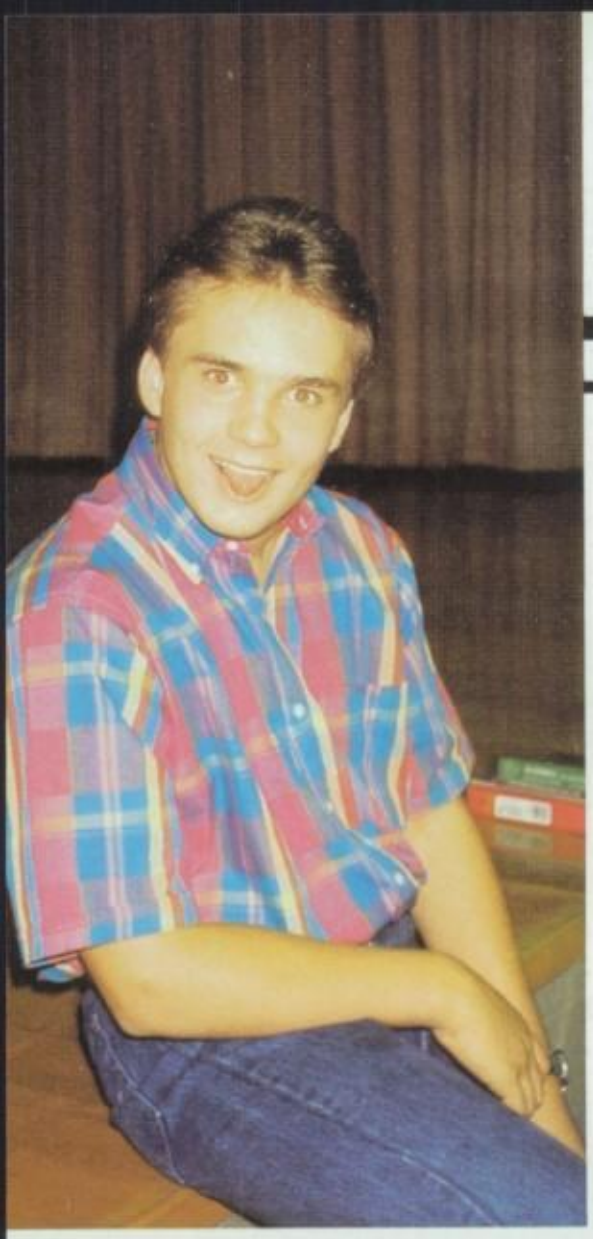


"Lake Placid is a small town, but it has a big heart."

Sherrie Owens

"Lake Placid High makes you feel love and warmth."

Latina Brown



"I think L.P.H.S. is O.K. and shouldn't change, because if it did, it wouldn't be L.P.H.S."

THUNDERNIGHT

"I thought that this homecoming was pretty fun. Especially Thundernight, when I won the pizza eating contest. I didn't think I would win, because I was the skinniest person up there, but I can put down some food!"

Rob Pate

"The Powder Puff game is really fun because I get to embarrass myself by being a cheerleader and trying to do the moves."

HOMECOMING LIGHTS

"The part of Homecoming that was the most impressing was most of the students were very worked up, and really put a lot of enthusiasm in what was going on."

Rhonda Ziglar

"Thunder Night tops out the whole week because you have competition, between the classes. There are relay races, pizza eating contests, tug-of-war, and the funniest of all is the powder puff football game."

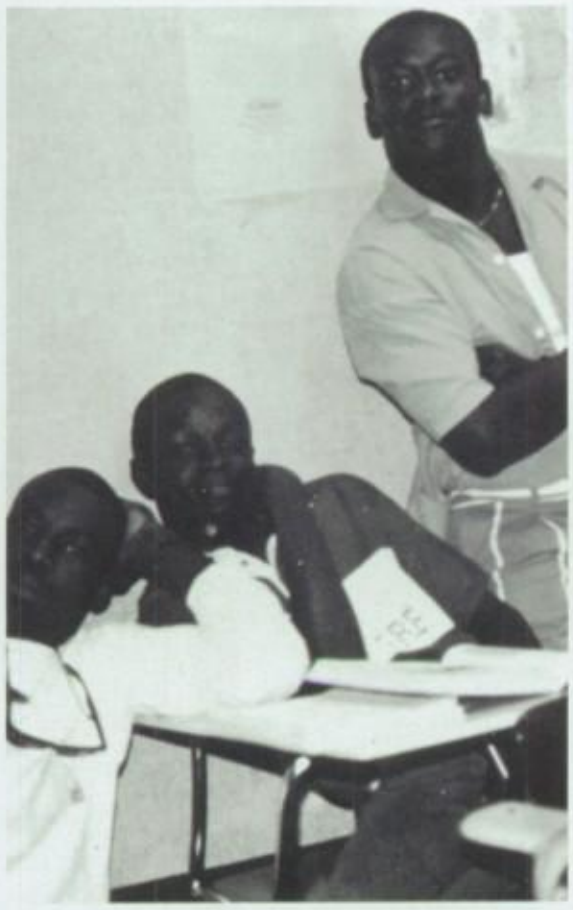
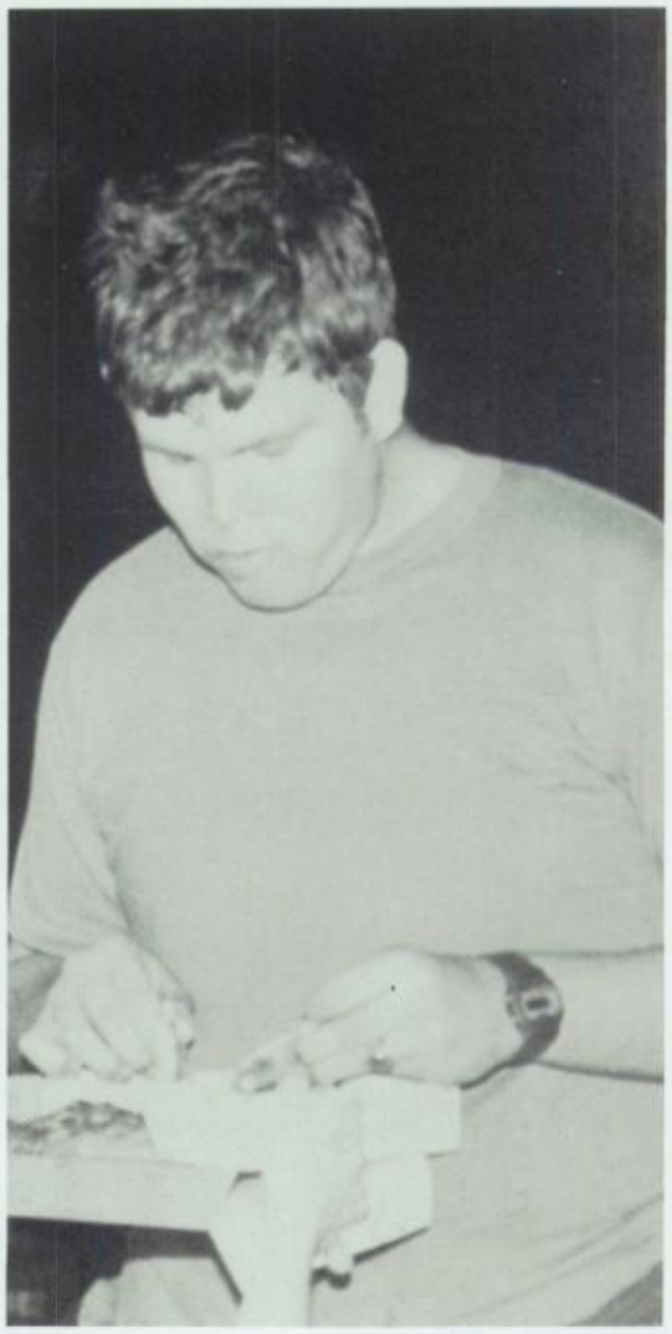
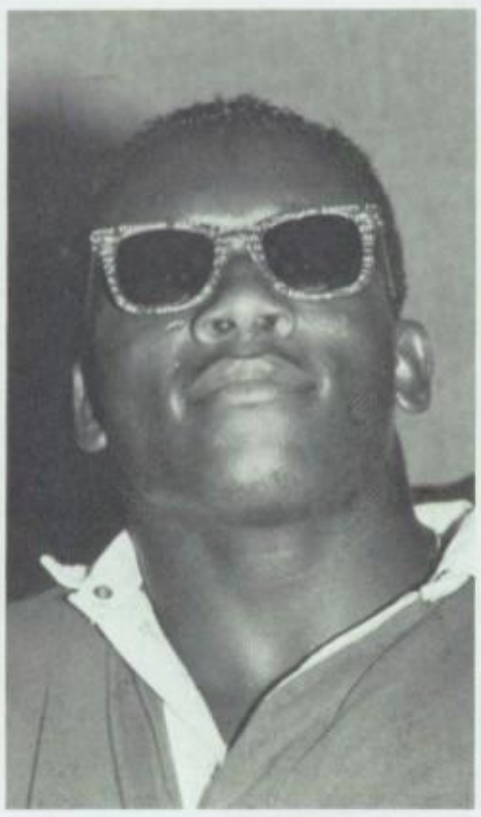
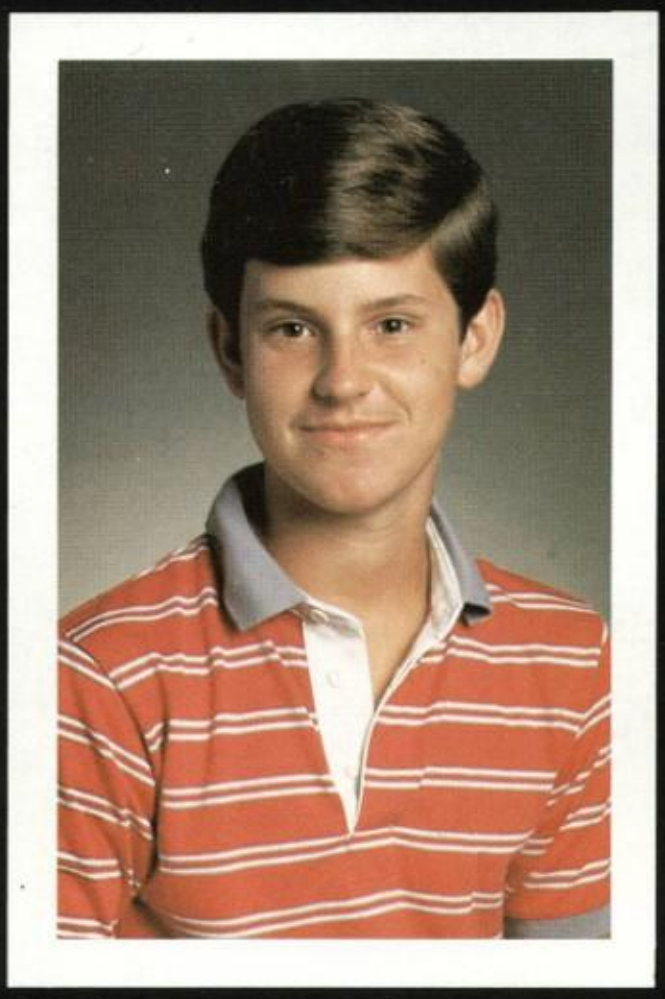
Class Sponsor: Rail Weber
The class of 1988 would like to thank you for your support and guidance in this important time in our lives.









JIM CREEL

MARCH 31, 1970 – JUNE 16, 1987

No matter when a good-bye is said,
A memory will not go away.
It lives on forever in the minds of friends,
In our hearts it's bound to stay.
Since you are gone away from us all,
We realize how special you were,
The laughter, the tears, the time we shared
can never reoccur.
Only the memories of our happy times,
Will never allow us apart;
Though you are not with us, our dear friend,
Your memories remain in our hearts.

IN LOVING MEMORY OF OUR SPECIAL FRIEND AND CLASSMATE – HE WILL ALWAYS BE REMEMBERED.

SENIOR PROPHECY

Dear Shellie:

I was wondering that since you are now the anchorwoman for CBS's new hit news show, "Get It While it's Hot," you could announce to the LPHS class of 1988 that their 20th class reunion will be in just 2 months, preparations will begin in about a week. So many people from our class became successful that it's astounding, but what else would you expect from a class like ours?

Lisa Retherford, Kenneth Johns, Annetta Ward, Jerry Pollard, Christopher Woods and Corliss Chapple will probably not be able to attend. They have just begun a deep space exploration mission to explore the moons of Neptune and perhaps the rings of Saturn. They probably won't be back for 3 months. Celeste Phillips, Marie Mckinney, and Kathy Youngman are currently employed in Los Angeles as Criminal psychologists. Since Psychologists can no longer travel with normal people because of the 1999 subliminal plane crashes they may also have problems getting here.

Do you realize how many nurses we have in our class? Dejuana Walker, Heidi Jones, Charlene Hunt, Karen Daise, and Cecelia Tumbleston all got their doctorates in Nursing. Lake Placid took care of half the nursing shortage all by itself. Amy Sapp became a dentist and Traci Hendrie went into veterinary Medicine. Heather Benedict became a Psychiatric nurse. Heather may also have problems getting to Lake Placid because psychiatrists were also banned from traveling with normal people on airplanes.

Felix Harris and Anthony Portee were both just admitted to the Football Hall of Fame for their outstanding performance as running backs for the Chicago Bears, which are owned by the famous business man, Jerry Dillon. Would you believe that Marcy Bullard and Shirley Flowers work as the Head Physical Therapist and Sports Physician for the Chicago Bears? I know, it shocked me too.

David Bertram, Myron Albritton and Timmy Williams are currently competing to be the Nat'l Champion Bull riders in the Professional Rodeo Circuit. Barabara Paul works as the executive secretary for "Ridge Florist." Rhonda Ziglar is the head chef at "The French Place," which she also owns. Crystal Edgemon owns the "Edgemon Day Care" centers. She personally runs the ones in Lake Placid. Joe Medley became "Mr. Olympia" for the 5th straight year in a row. He is now touring Europe. Tammy Gray has been hosting "American Bandstand" ever since Dick Clark resigned in 1997. Pat Cooper is running a mission in Zaire for African Alcoholics. Kenny Peifer has recently sold his latest Masterpiece for a cool $2 million. He is also touring Europe, but for inspiration instead of Body Building. Michael Johnson and Vance Tillman are running their Father's business. No one seems to be sure exactly what those businesses are though. Keith Hunter and Mike Corsello are currently trying to form a branch of the United Bum union in Key West. So far they have been very successful, those bums stick together.

Her honor Judge Sandee Hartman and Andy Tuck were married again last week for the fourth time. The ceremony was presided over by the Reverend Michael J. White Jr., and was followed by the wedding reception of the century, but of course, all of their weddings have been real bashes. Sandee's Bride's maid was none other than the Attorney General of the United States, Pam Worley. The wedding photographer was the famed Stacie Gaudie, nothing but the best for an occasion like that.

James Brewer and Marcia Stephaniak run their own interior designing company called "Wall Paintings." It seems to be very successful because they have just been asked to redecorate the White House and put the finishing touches on the new wing of the Smithsonian Institute. Jerrolyn Jerido, Kathy Boyd, and Valerie Smalls are all competing for the most original dress design in the "International Clothing Designer" finals. There seems to be no way of telling who will win. Linda Stock and Beverly Wingo both became history teachers at LPHS. Leann Walker and Jennifer Ellis own the "Fashion Face Boutique" of Beverly Hills. Their boutique is visited by such celebrities as Jennifer Johnson, who has recently won the Nobel Prize for her detailed work with artificial molecules (again), Laura Summervill, who teaches Music in her private studio in London where she occasionally plays for the London Philharmonic; and Liz Harvell, the U.S.-Soviet Ambassador.

It's a shame that the presidential race is taking place at such a critical time in our history. Even though either one of the candidates, Javi Viera or Johnny Merlo, would be a worthwhile choice (ha, ha) it would still be nice to have someone at the steering wheel with the evil Baglady Rights group threatening Nation wide terrorism under the leadership of the infamous Donna Elliott, especially with Terry O'Neil in charge as the Secretary of Defense.

The famous Wall Street stock Broker, Billy Brantley, as well as his cohorts Cindy Tope, Lisa Stock, and Chanda Robinson, have been indicted on corporate espionage charges. Nothing has yet been proven, but I always did suspect those 4 of leading secret lives.

Todd Shives creates the designer computer cabinets for the multi-million dollar Jim Cosgrave Computer Corportion (JCCC). Beverly Lindsey, Teresa Matthews, Jackie Wilbert, and Gary Sides are on the JCCC Board of directors and Sandy Havener is the Head Accountant. The JCCC is currently being sued by the Harris and Holden corporation (H&HC) on the grounds that the JCCC plagiarized certain commercial art pieces by Scott Novak, head of the Advertisement Dept. The famous lawyers, Amy Day and Stacy Warner, will battle this out for their respective clients in the court room. The H&HC may have its hands full elsewhere, though, with its head accountant, Myra Gonzalez, under investigation by the IRS.

I have been unable to locate several people. Jamie Parker and Imelda Barajas disappeared immediately following high school graduation, but the people who know them best have assured me that they are happy and following their dreams. Lisa Moore, Vicki Rice, and Kathy Hoy 'did' register at the University of Florida, but never attended a class. It seems they were out partying (more power to them). Others said they were going to college and never showed up at all; like Tracy England, Tommy Ellis, Mike Gulle, Hope Payne, Sharon Roebuck, and Jon Spurlock. Others joined the armed forces and were never heard from again, like Carlos Moore, Mario Wilson, Bruce McNeil, Kris Peoples, David Berghahn, Patrick Marshall, Criston Jones, and Robert Lusby. I guess this just proves that those stories of aliens who kidnap humans do have their basis in truth after all.

Well, I have to go now. Write back soon.

George Van Houtem

To the students of L.P.H.S., My impression of L.P.H.S. is that it is not like a big and impersonal school, the relations are very close and relaxed. This is between students and students and students and teachers. I really thank the school for the opportunity that they gave me to complete my schooling here in the United States. Thank you Mrs. Filler for letting me stay with you. I appreciate it.

FOREIGN EXCHANGE STUDENT COMES TO L.P.H.S.

George is a foreign exchange student from Arnhem, Holland. He came here with the American Scandinavian Exchange program. He was selected through an essay, a personnel interview, and his grades at school. George has been in the U.S. since August. He returns in June. George's hobbies are swimming, wind surfing, and playing recreational basketball. George plans on becoming a business lawyer in Holland. The United States tour has helped George to appreciate certain opportunities and learn to open his mind to different opinions and points of view.

The Lake Placid Senior FFA Chapter celebrated a banner year at Lake Placid High School. Under the direction of Dale McQuillen, the FFA received two national awards, and ten state awards. Three officers attended the national convention in Kansas City, Mo. FFA royalty was presented at homecoming to hundreds of spectators. For the first time, a Lake Placid FFA member became District IX President. The FFA was very involved with school, and the community, showing

The Nurse Assistant Course offers all students a glimpse of nursing as a profession. Much of the learning is reinforced by hands-on experience, so all students interested in nursing and willing to work to help others, should do well. N.A. students practice basic nursing skills in our nursing lab. Then, the class goes into the community where they perform these services for residents in nursing homes and patients in hospitals.

Field trips are taken to an adult day care center, a congregate meal site, and a university-size hospital. Guest speakers from other health professions give students a broad look at the occupational opportunities in the health care field.

Successful completion of this two semester program insures certification as a nurse assistant by the state of Florida. This allows hospitals and nursing homes to hire you during weekends and summer vacations. It also accesses entry into the LPHS work study program, if this option interests you. For serious nursing students, it provides the academic base to do well in any nursing program after high school.

DRAGON PRIDE AWARDS
Shirley Flowers and Terry O'Neill

MOST VALUABLE RUNNER
Shirley Flowers

The 1987-88 Green Dragon Cross Country Teams finished the season with memorable finishes by each and every runner. Most reached personal goals of the season, best times and even more important, the group grew together to become a closely-knit team. Juan Gautier showed he is a force to deal with next year. Shirley Flowers closed out her final year in style and will be remembered as one of the best distance runners to come out of Highlands County. She again was Heartland Conference champion; won 10 of 15 races, including 2 Invitationals; placed 3rd at District; made All-State with a 10th place finish; was named Heartland runner of the year; and an unprecedented 3rd Sports Talk Fall Athlete of the year. Congratulations team on a job well done and good luck to Terry and Shirley in college. May the wind always be at your back°!

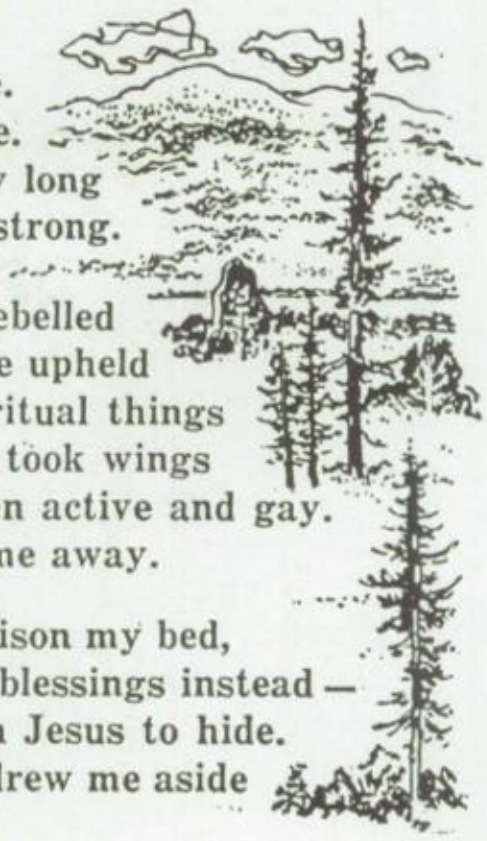
I Needed the Quiet

I needed the quiet so He drew me aside.
Into the shadows where we could confide.
Away from the bustle where all the day long
I hurried and worried when active and strong.

I needed the quiet tho at first I rebelled
But gently, so gently, my cross He upheld
And whispered so sweetly of spiritual things
Tho weakened in body, my spirit took wings
To heights never dreamed of when active and gay.
He loved me so greatly He drew me away.

I needed the quiet. No prison my bed,
But a beautiful valley of blessings instead —
A place to grow richer in Jesus to hide.
I needed the quiet so He drew me aside

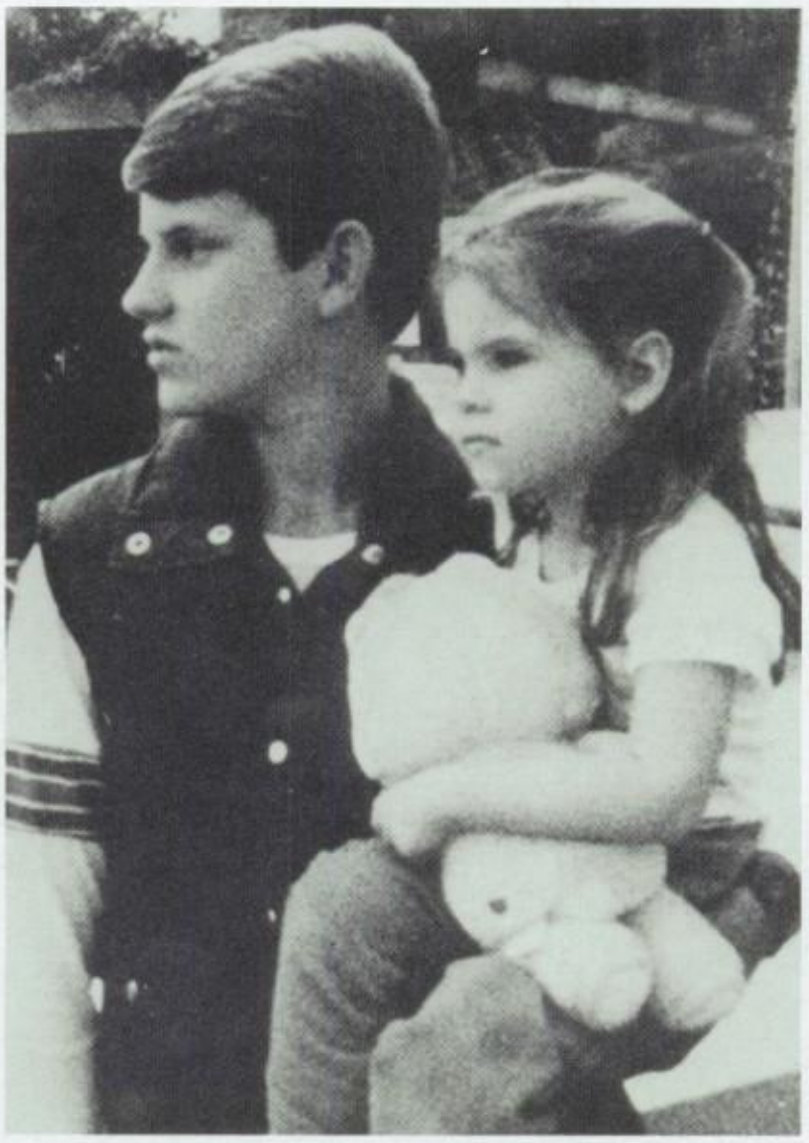


WE WILL ALWAYS REMEMBER YOU, JIM

COUSIN TO COUSIN

We're from the same shoot,
the same family tree.
Into this world we sprouted,
call it destiny!
It's Cousin to Cousin,
a special thing,
a closeness to which we're tied.

And you've always been there
to laugh with me
or even when I cried.
Anyway I think it's fantastic
that you were meant to be,
A part of my life, my cousin.
you'll always be special
to me!



You taught me to share and
now I share you with God.
You taught me to love and by
Love you now are blessed
with the splendor and beauty
of Heaven
You were always gentle with me
and now you live where
peace, tenderness and
tranquility reign.

In giving these gifts along with
yourself,
We will cherish the memories and time,
we had with you.
And hold dear for you a special
place in our hearts always.

Love,
Maria, Laura & Kristy

Vicki,

Don't be threatened by what lies ahead of you, no matter how difficult it may seem. The power of success lies within you if you believe in yourself as we do. Continue to strive toward your goals knowing that no matter what you achieve, if it makes you happy, you are a success.

We love you,

Teri, Julie & Mike

Sandee,

To know you is to love you
And those precious words are true
For since the day that you were born
We fell in love with you
That love has grown and so have you
Both are sweeter from the years
And we've shared a lot of happy times
And also shared some tears
But through it all what a gift you've been
And how the years have flown
And how proud we are
Of our "little girl"
And the beautiful woman
you've become!

We love you,
Mom & Dad

Joe Eubanks,
Minister of
Music and Youth

"Trust in the Lord with all your heart and lean not on your own understanding; in all your ways acknowledge him, and he will make your paths straight. Do not be wise in your own eyes; fear the Lord and shun evil. This will bring health to your body and nourishment to your bones."

Pat —

It is said that every storm endured happiness, promises, and strength. If that is true — then our relationship will be one of the happiest and strongest relationships around. Our feelings for each other are being tested time and time again — but isn't it reassuring to know that we are enduring these storms and tests and maybe even benefitting from them? It seems like just yesterday we met each other in Ag — and now you are about to graduate. I want you to know how proud of you I am. You've accomplished so much at both school and home. No matter what storms the future holds — we will endure them together!! If we choose nothing else let's at least choose to remain friends. Always remember — I Love You!

Shareen Lynn

It Takes A Bank That Knows Florida To Know What Floridians Need Today.

A lot of banks have their offices in Florida and their hearts in some other state.

But at First Florida Bank, our commitment has always been to Florida and Florida's people.

And in these days of dramatic growth and financial change in Florida, we think that's one of the greatest assets a bank can have.

We know the needs of Florida's communities because of our strong roots in them. We know what's best for growing businesses, because we've grown with them.

First Florida Bank, N.A. Member FDIC

And we have the experience and knowledge to simplify what can often be a complex and confusing financial world.

So whether you're a long-time resident, winter resident, or if you're just moving here, come to the bank that's best at serving Florida's needs. After all, Florida is our middle name.

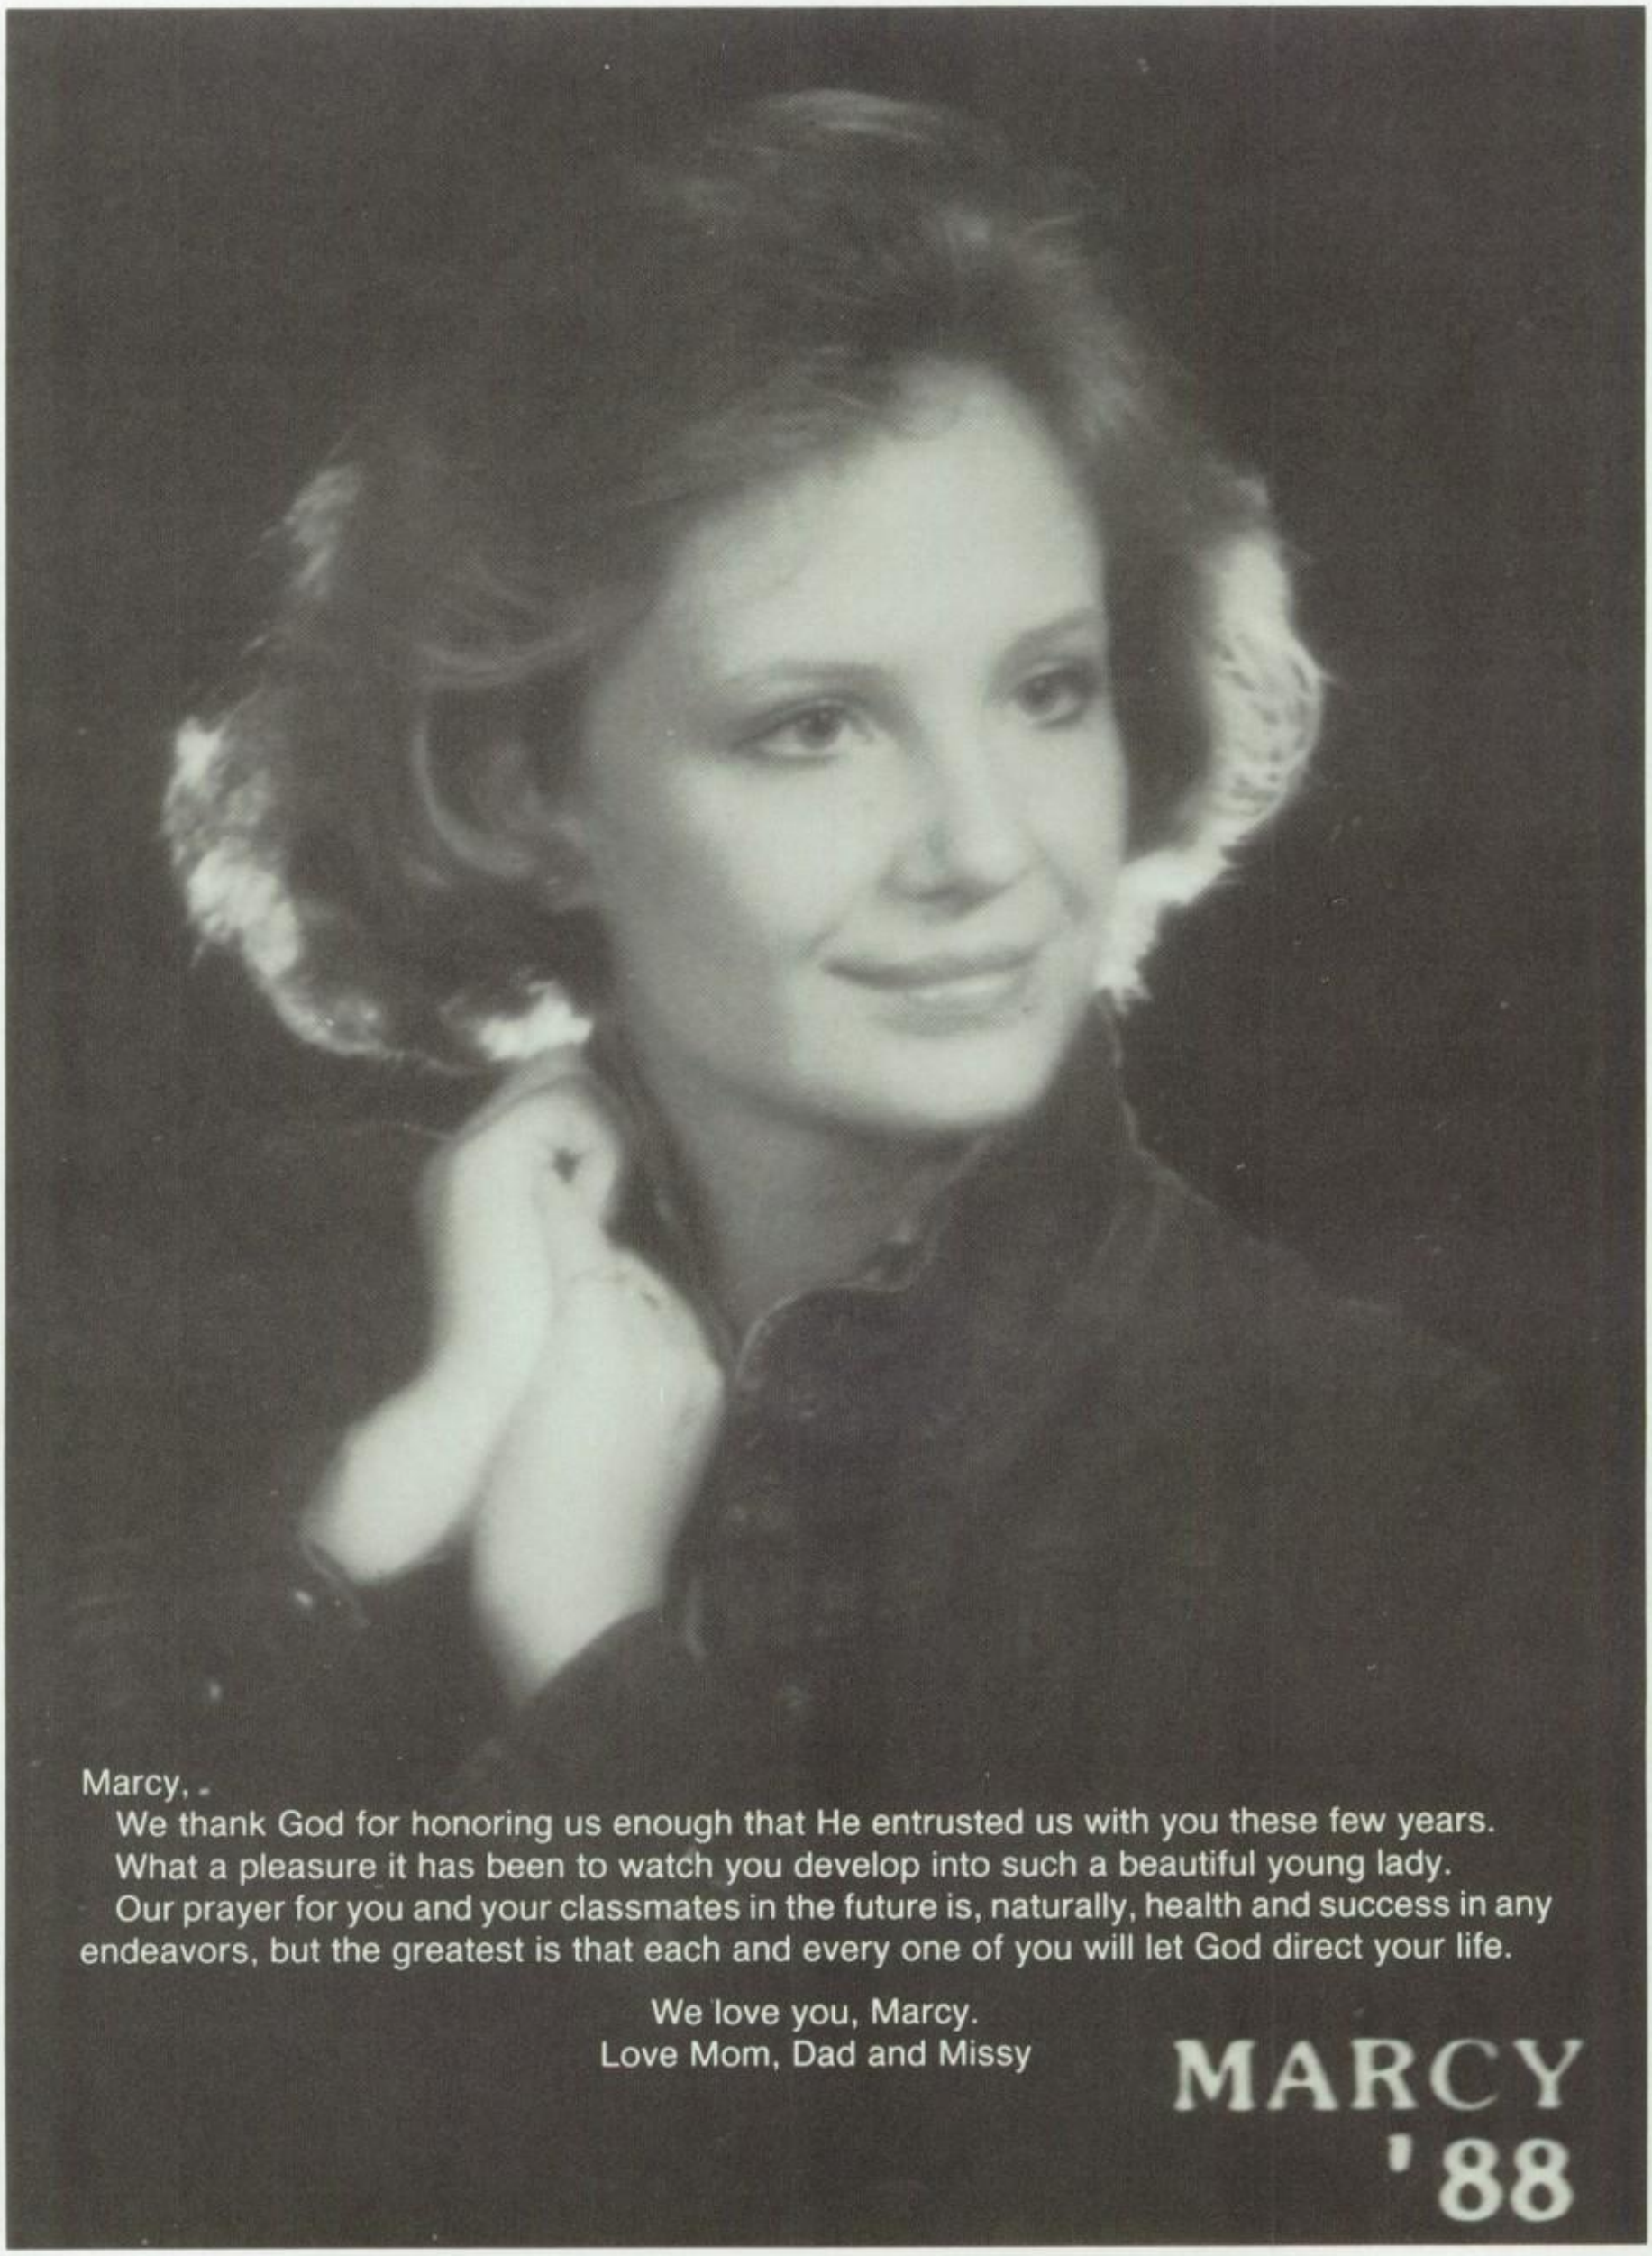
We were friends as kids — we are friends now — we will be friends forever!



Marcy, -

We thank God for honoring us enough that He entrusted us with you these few years. What a pleasure it has been to watch you develop into such a beautiful young lady. Our prayer for you and your classmates in the future is, naturally, health and success in any endeavors, but the greatest is that each and every one of you will let God direct your life.

We love you, Marcy.

Sheri,
Well you've got one more year to go and I wish I could be here to see you go through it, but I guess you'll manage on your own. I only wish I could explain the difference between the way I feel about you now and the way I used to feel about you. I really appreciate the friendship we've had in the past couple of years and I hope it never ends. Good Luck!

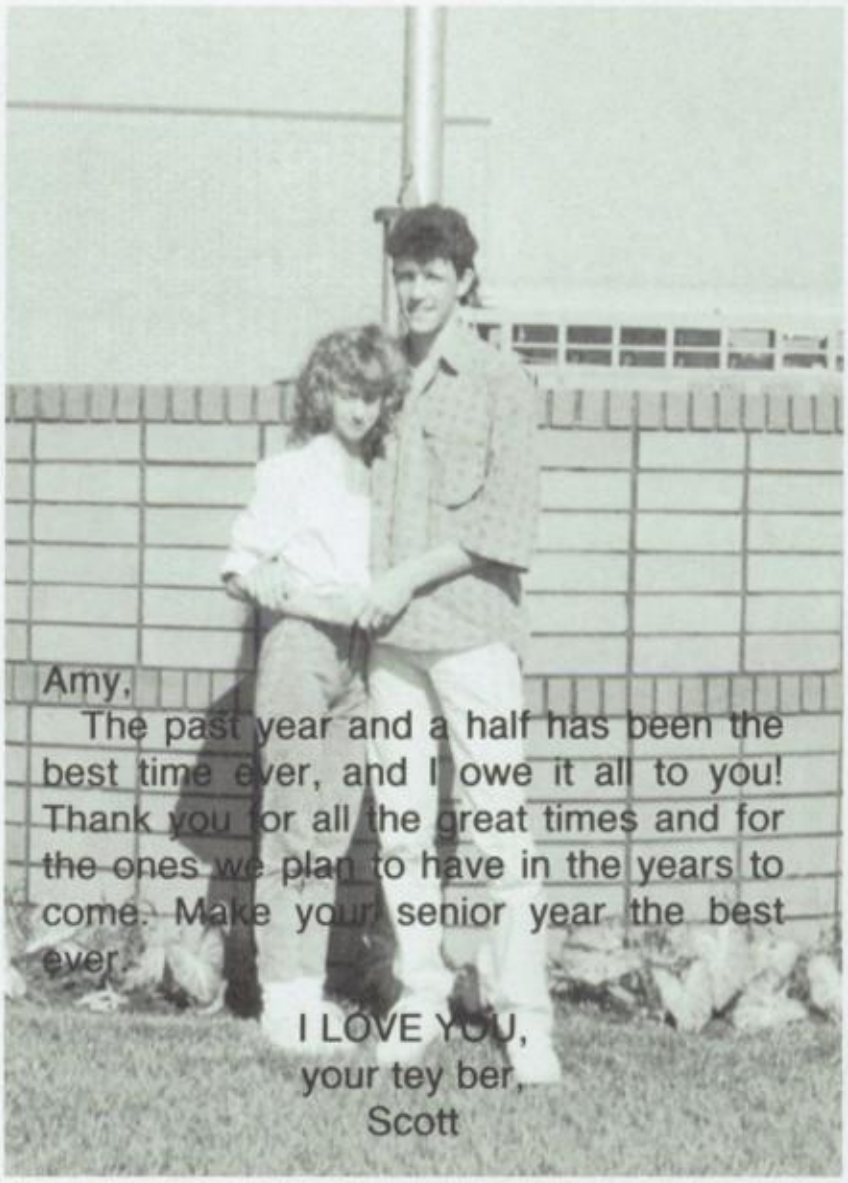
Though the miles may separate us our hearts will remain together always.

Lisa,

Together . . . we can do anything, and we have certainly proved that throughout the last 3 years. In the past and even present, a "million" and one road blocks have come up, but we've learned only to turn them into challenges, and go on. I guess that should tell us something, huh?!? You are my bestest buddy Tita, and the "tons" of memories we have are only the beginning. "Nothings gonna stop us now!" — Right?!? We will never be completely separated Lisa, because you are forever and a day, in my heart.

I LOVE YOU
Vicki
(Tori)



Amy,

The past year and a half has been the best time ever, and I owe it all to you! Thank you for all the great times and for the ones we plan to have in the years to come. Make your senior year the best ever.

I LOVE YOU,
your tey ber,
Scott

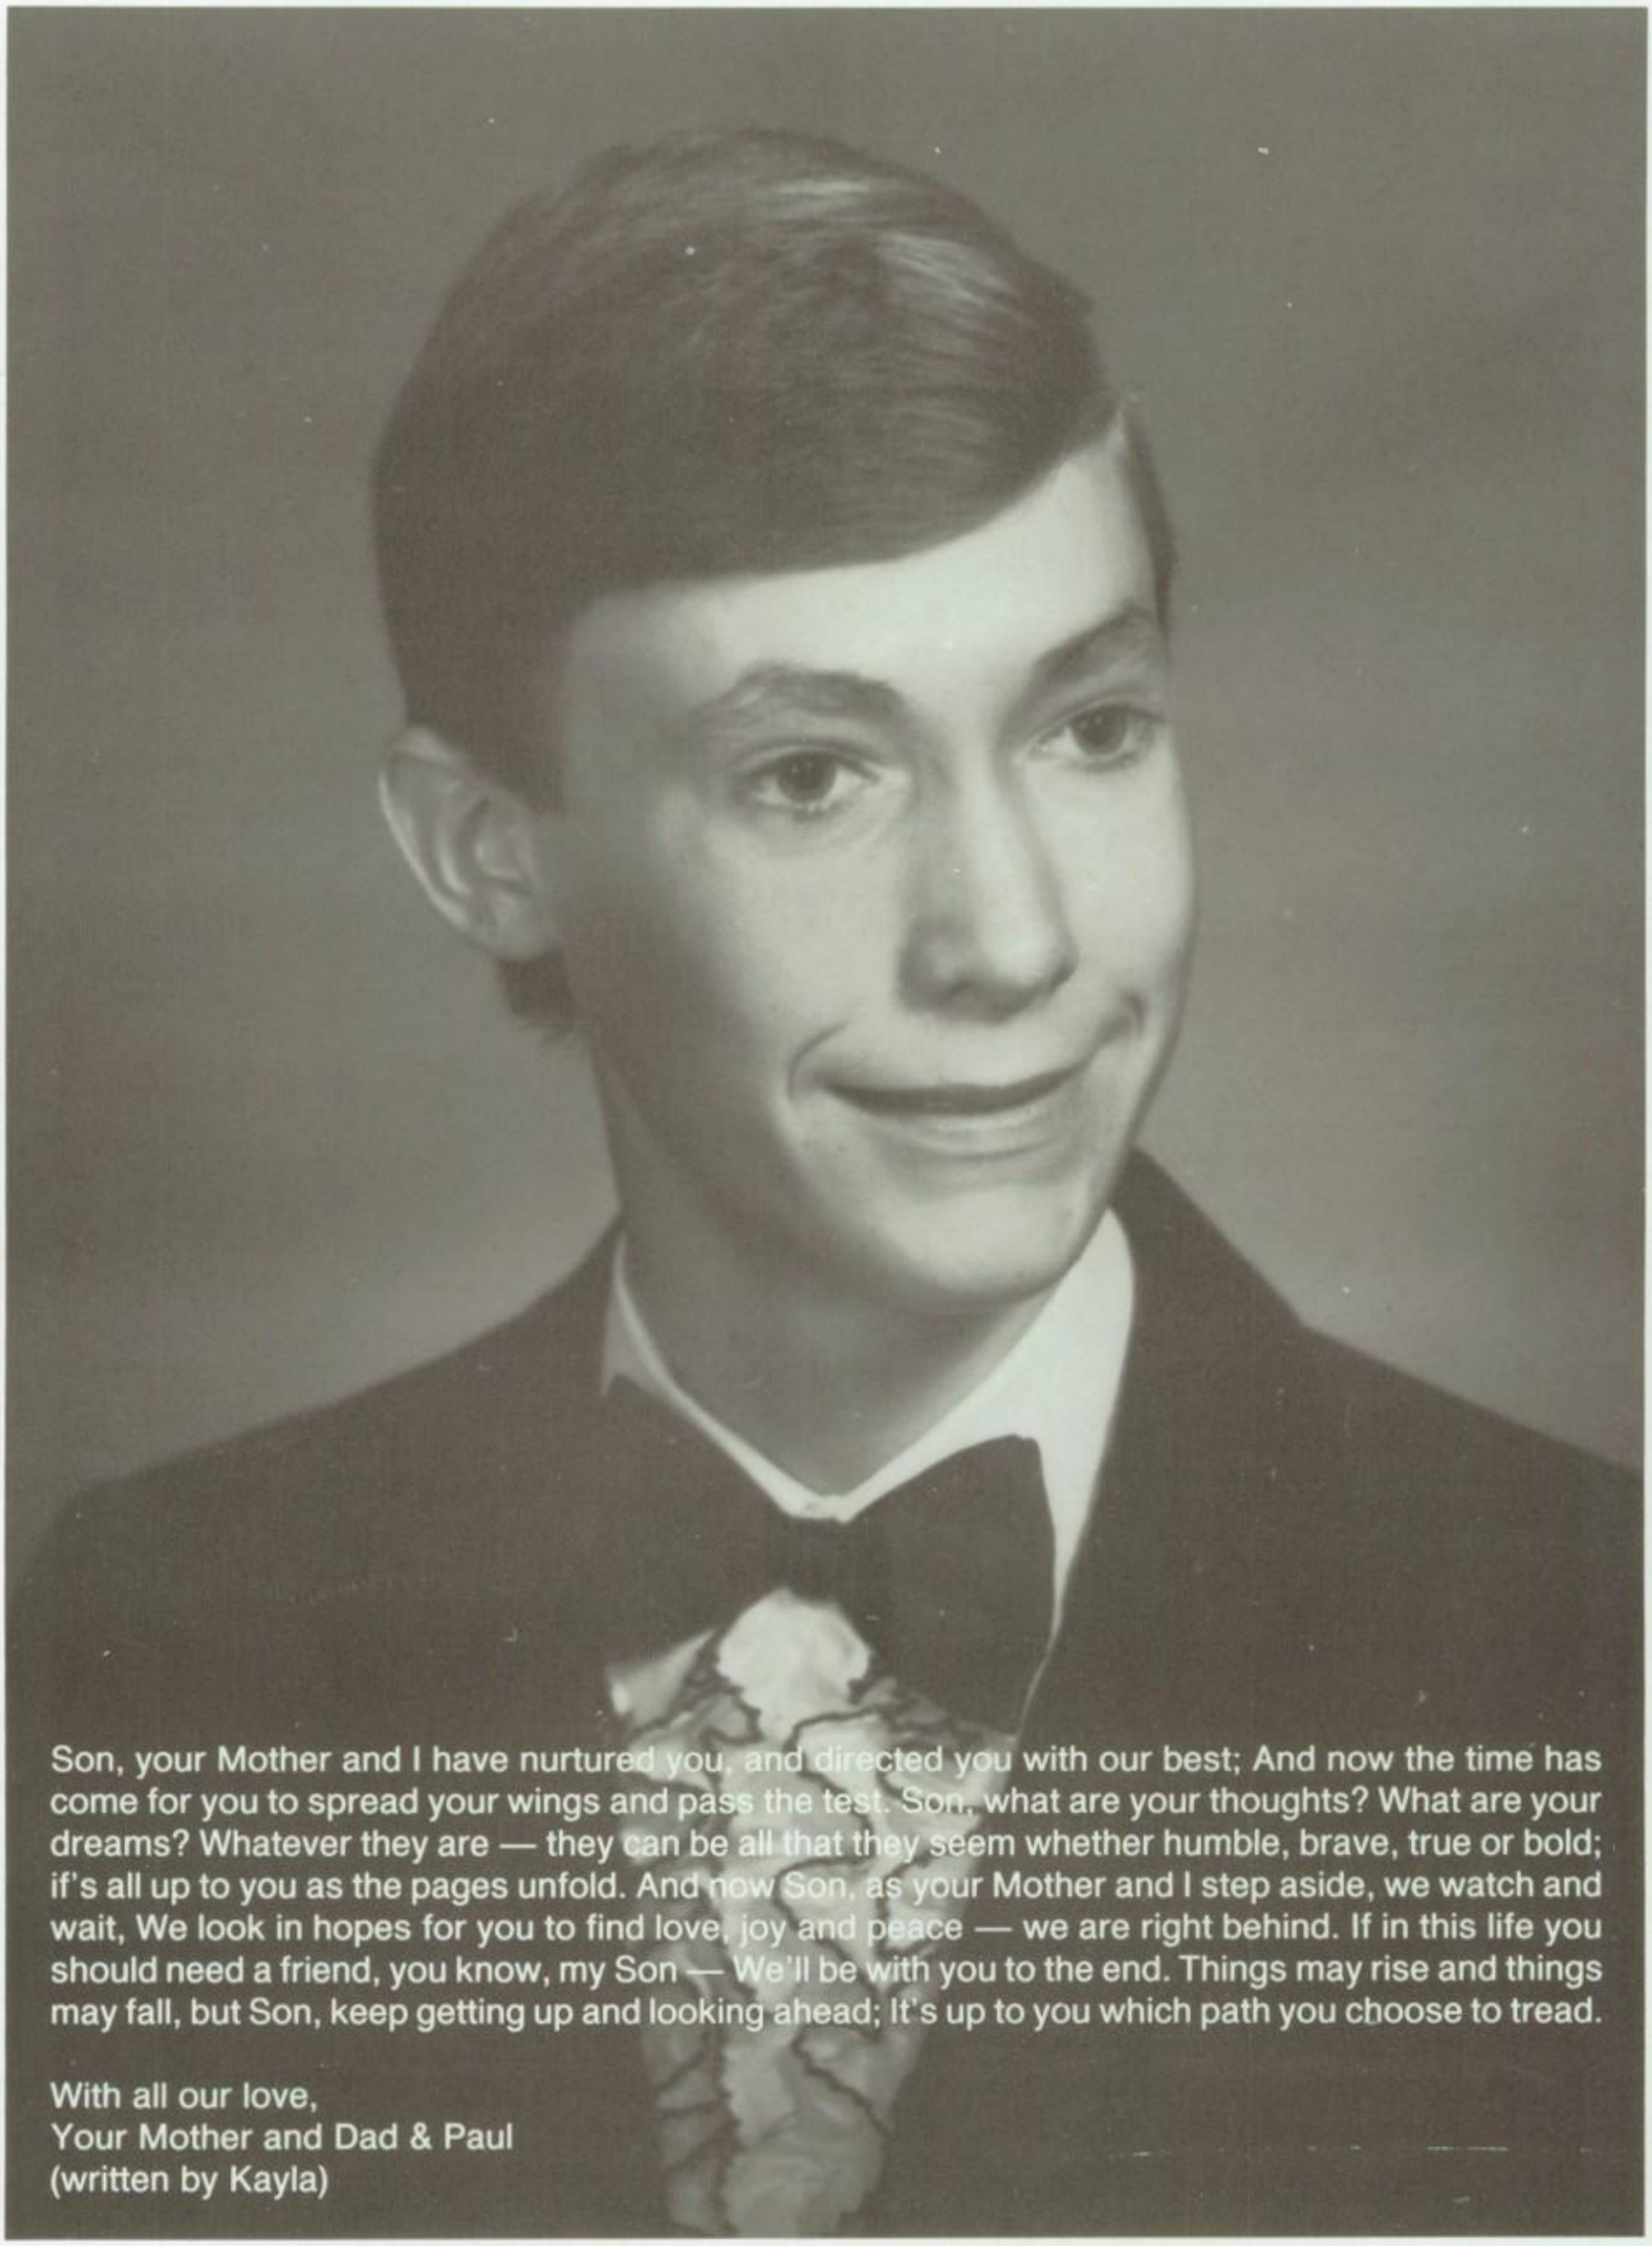
"Now bird soars too high, if he soars with his own wings."

William Blake

Dear Heidi,

As you begin this wonderful new journey further into life our wish is that you fly as high as your wings take you. Do not fear to try. God's love, and ours will always be the wind beneath your wings.

Dad, Mom, and Emily



Son, your Mother and I have nurtured you, and directed you with our best; And now the time has come for you to spread your wings and pass the test. Son, what are your thoughts? What are your dreams? Whatever they are — they can be all that they seem whether humble, brave, true or bold; if's all up to you as the pages unfold. And now Son, as your Mother and I step aside, we watch and wait, We look in hopes for you to find love, joy and peace — we are right behind. If in this life you should need a friend, you know, my Son — We'll be with you to the end. Things may rise and things may fall, but Son, keep getting up and looking ahead; It's up to you which path you choose to tread.

With all our love,
Your Mother and Dad & Paul

Prayer of St. Francis

Lord, make me an instrument of your peace.
Where there is hatred, let me sow love.
Where there is injury, pardon;
Where there is discord, union;
Where there is doubt, faith;
Where there is despair, hope;
Where there is darkness, light;
And where there is sadness, joy.
O Master, grant that I may not so much
seek to be consoled as to console;
To be understood, as to understand;
To be loved, as to love;
For it is in giving that we receive.
It is in pardoning that we are pardoned;
And it is in dying that we are born to eternal life.

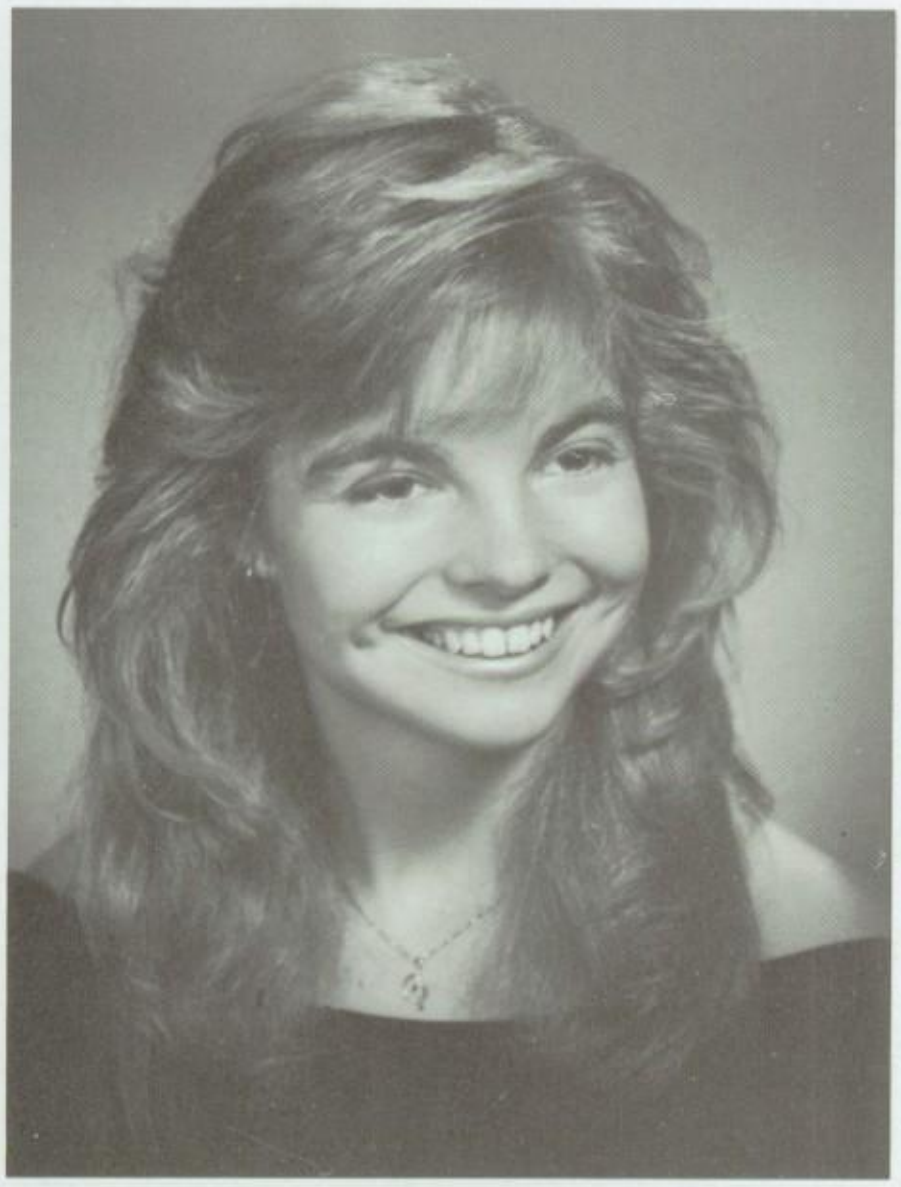
Friends Are So Beautiful

A friend is like a flower that starts
out as a bud.
Their beauty of devotion with stands
life's raging flood.
The bud becomes a flower as the years
go quickly by,
Always there to enjoy and soak
the tears we cry.
The stem so strong and sturdy
yet bends with the wind,
I thank the Lord each day,
He sent you as my friend.

Peggy Mauch



To every thing there is a season, and
a time to every purpose under heaven:
a time to be born,
and a time to die;
A time to plant,
And a time to pluck up that which is planted;
A time to kill,
And a time to heal;
A time to break down,
and a time to build up;
a time to weep,
and a time to laugh;
A time to mourn,
and a time to dance . . .

This is a special time in your life and so it becomes one in ours.

Congratulations, Laura!

Dea,

Success is to be measured not so much by the position that one has reached in life as by the obstacles which he overcomes while trying to succeed. We're proud you made it this far. It was only the grade of God. Keep Christ in your life no matter what you undertake or do. In all thy ways acknowledge Him and He will direct your path. Much success in the future. We love you very much. Thanks for all the years we shared, the good as well as the bad. God bless and keep you safe in our prayers.

Much love,

Mom, Dad, Terrance,

Our Friendship

You are the one who makes each day fun.
You are the one who gives me your kind love.
You seem to be the perfect friend,
So I know we'll be together till the end.
For no matter what,
you're always there.
And no matter what, you always care.
A part of you has grown in me,
And so you see, it's you and me.
Together for always and never apart.
Maybe in distance.

Pamela Victoria,

I do not know where to start. Our friendship is so much more than words could ever express. It means everything to me and without it I would feel a part of me was missing. Now that we are out of school things will be so different, but knowing you are beside me will make things much easier. Thank you for everything.

I LOVE YOU,

Footprints

One night a man had a dream. He dreamed he was walking along the beach with the Lord. Across the sky flashed scenes, he noticed two sets of footprints in the sand: one belonged to him, and the other to the Lord. When the last scene of his life flashed before him, he looked back at the footprints in the sand. He noticed that many times along the path of his life there was only one set of footprints. He also noticed that it happened at the very lowest and saddest time in his life. This really bothered him and he questioned the Lord about it. "Lord, you said that once I decided to follow you, you'd walk with me all the way. But I have noticed that during the most troublesome times in my life, there is only one set of footprints. I don't understand why when I needed you most you would leave me." The Lord replied, "My precious, precious child, I love you and I would never leave you. During your times of trial and suffering, when you see only one set of footprints, it was then that I carried you. Bruce always remember, we will always love you.

Love,
Mom, Grandmother, Grandfather, Donald, Leon.

FOREVER OUR FRIEND . . .

Our friendship was so peaceful, Our friendship
was so great. But all of a sudden you were
taken away.
You laughed, You listened, You cared,
We'll always treasure those times we shared
The memories of you we'll never forget,
The tings we've done we'll never regret.
The fights we shared and the great times we had.
We never thought anything could be so bad.
We were us, and you were you. Through thick and
thin, our friendship was so true.
A vision of you enters our minds,
But those memories, we'll never leave behind.
You were here yesterday, and gone today,
We want you back, Dawn, FOREVER to stay.

Never say goodbye again, once was enough
our Dear Friend . . .
Dawn was with us for such a short time,
then God took her away . . .
. . . So this is one thing that we should all accept
without a doubt.
She was a special person God couldn't
do without.
Don't ever forget, our friend,
We love You, Dawn.
Dawn, we love you and miss you.
You will always be within our hearts.
